When considering a MICE event, simply decide upon your destination, tell us what the objective is for your event; product launch, reward, conference etc. giving us the number of delegates, then relax and let us do the work for you.

### We create programs under the following headings

- Culturally based events, getting close to everyday life in Thailand
- Activity based; an exclusive range of events designed to challenge, excite and entertain.
- Weddings, anniversaries and celebrations

Throughout our itinerary of events, CSR (corporate social responsibility) programs are available for inclusion.
