

A PRIVATE VILLA, REVEALED

We're excited to share a milestone for Siri Sala.

For the first time, our riverside sanctuary is now bookable room by room through Small Luxury Hotels of the World (SLH)—while still offering our beloved private villa buyouts.

As Bangkok's only private villa and as Asia's smallest luxury 5-bedroom hotel by the river, Siri Sala now welcomes solo travelers, couples, and small groups who want the villa experience without having to reserve the entire property.

To help you feel at home, our all-inclusive rates include the following experiences:

Airport transfers • Chef-prepared Thai meals • Drinks at The Heritage House • Thai massages • Curated cultural activities such as longtail boat rides along the canals & workshops

Whether you're looking for a quiet retreat, a cultural escape, or an intimate celebration, we're thrilled to open our doors a little wider—while keeping the heart of Siri Sala exactly as it is.

Explore room-by-room stays or book the entire villa through Siri Sala or SLH

Every detail is crafted to keep Siri Sala as it has always been:
a home, not a concept hotel. We look forward to welcoming you to rediscover
the magical charm of Bangkok.
