Make JW Marriott Khao Lak Resort & Spa your next MICE destination

World Class MICE Facilities

Introducing the first purpose built MICE hub in Khao Lak offering a flexible and dynamic combination of artful and inspired spaces that suit every type of business and social event - from conferences and meetings to large-scale exhibitions and intimate social celebrations. The JW Grand Ballroom accommodates up to 800 guests in style and luxury and comes complete with 2,500 m2 of adjacent lawns that can be utilized for al fresco dining, garden parties and large marquees, more than doubling the usable indoor space.

A plethora of meeting spaces support the JW Grand Ballroom, ranging from board rooms and break outs to a second ballroom and imaginative indoor and outdoor meeting venues designed to let creativity flourish. Our stunning beachfront resort offers 424 guest rooms, suites and villas, all either newly built or recently renovated, and buy out options are available based on seasonality.

Sustainably inspired by the JW Garden

Embodying our founders' love of the outdoors, the JW Garden immerses you into the breathtaking natural beauty of Khao Lak. Our 27 Acre garden featuring a working organic farm, reforestation project, environment school and wildlife sanctuary offers endless possibilities for group activations and unique meeting venues. A hub for mindfulness and creativity, the JW Garden is an idyllic location for sunrise yoga, floating meditation sessions, bird watching and nature walks. Bring the JW Garden indoors and allow us to craft a completely sustainable meeting package, complete with fully repurposed and reused menus for lunch, dinner and coffee breaks. As Thailand's leader in sustainable best practice, our team of passionate event professionals will guide you through leaving zero impact from your event and even offsetting your carbon footprint through planting mangrove palms, supporting the local community and donations via Marriott International's "Meet with Purpose" initiative.

Beachfront Elegance

Occupying an enviable stretch of pristine shoreline, JW Marriott Khao Lak is the perfect place to put your feet in the sand and create a truly memorable event set to the sound of lapping waves and enchanting sunsets. The simple elegance of a beachfront dinner, soiree or even meeting will set the scene for creativity and collaboration whilst ensuring a fully ecofriendly event with zero impact on the environment. Our refined set up's can be as opulent or uncomplicated as you wish, and the beachfront concept can be pulled through into meeting rooms, coffee breaks and banqueting functions ensuring the sound of the sea is an ever present backdrop. For those with an uncompromising stance on corporate social responsibility our Bamboo Shark Nursery and Conservation Center offers the opportunity for sponsored shark releases, not only creating incredible memories, but also helping boost the dwindling population of this keystone species.

Coastal Awakening, the Charm of Southern Thailand

The South of Thailand offers an explosion of culture with vibrant influences from China and Malaysia, along with rich local heritage and charm. Our Coastal Awakening is a celebration of the South, colorful, spicy and exciting. This is fully showcased through our floating market coffee breaks, incredible live performances and authentic cuisine at each and every meal time. Our team are passionate and proud of their Southern Thai identity and uplift this MICE concept with secret family recipes, locally sourced decorations supporting minority communities, along with genuine warmth and big smiles. Let us take you on a journey of the South and add a touch of magic to your next meeting or event at JW Marriott Khao Lak Resort & Spa.
