

# SHANGRI-LA BANGKOK

IS COMMITTED TO OPERATING IN A SUSTAINABLE MANNER TO MAKE A POSITIVE IMPACT ON OUR LOCAL COMMUNITIES.

## SOLAR WATER HEATING SYSTEM

A Solar Water Heating System with 938 sq.m2 of solar panels installed on the rooftop. This clean energy solution reduces the usage of liquefied petroleum gas by 130,000 litres annually, leading to a decrease in CO2 emission by 200 tonnes each year.

## ROOTED IN NATURE

The Rooted in Nature Menu underscores the importance of sustainable dining through the use of ethically and locally sourced ingredients, thereby supporting local communities and providing them with a stable income.

## ZERO SINGLE USE PLASTIC

Zero Single Use Plastic Bottled Water and Plastic Straw in the hotel.

Doing Good at Shangri-La

## PAPERLESS ENVIRONMENT

Our Green Initiatives include a Green Meeting set-up, a move towards a paperless environment, and the introduction of a Green Healthy Menu.

## FLUORESCENT TO LED

We have transitioned from Fluorescent to LED lighting, resulting in a remarkable 210,000 kWh energy savings for the hotel.

## ASEAN GREEN HOTEL STANDARD (2024-2026)

We are proud to announce that Shangri-La Bangkok has been awarded the ASEAN Green Hotel Standard (2024-2026), recognizing our dedication to sustainable practices.

# SHANGRI-LA BANGKOK

SUSTAINABLE EVENT AWAITS ALL MICE TRAVELLERS TO DISCOVER, LEARN AND CREATIVELY EXPERIENCE TOGETHER.

## ELEMENTS OF GREEN:

Introducing our Rooted in Nature, Siam Bites, Eastern Delight, Silk Road Spice, Chic themed coffee breaks, local delights lunches and a fun juice bar. Ingredients are locally grown and sustainably sourced from the Royal Project Foundation, an initiative of the late King Rama IX of Thailand.

## SUSTAINABLE CERTIFICATION

Explore our commitment to sustainability through our Cooking Class, where an experiential menu inspired by Shangri-La's 'Rooted in Nature' project, harmoniously blends sustainability with delectable flavours. By utilizing locally grown, in-season ingredients, our Thai Chef has personally selected each item on the menu to showcase the authentic taste of Thai cuisine.

## COMMUNITY ENGAGEMENT: CLEANING DAY

Our commitment to making a positive impact in the communities we serve is unwavering. Activities include a Street and Canal Cleaning Day in collaboration with local businesses and neighboring communities.

# sustainability

Doing Good at Shangri-La

## HEALTHY FOOD COOKING CLASS

Enrich the younger generation by hosting a Healthy Food Cooking Class for students from a Local school. Equip them with knowledge and skills that promote a healthy and sustainable lifestyle.

## CARE FOR PEOPLE: EMBRACE PROJECT

The project aimed at promoting the highest level of education and health support in underprivileged communities. Engagement activities can be arranged at Wat Suan Plu School or Lersdin Hospital for One Child One Gift Donation drives, as well as enhancing health quality of adult and child patients.
