

PARK HYATT BANGKOK™

BE MORE HEALTHY & SUSTAINABLE AT THE PARK

Caring For The Planet, Together.

At Park Hyatt Bangkok, we're working every day to create a World of Care – and that includes caring for the planet. The choices we make today shape the world we'll share tomorrow. That's why we're taking simple, actionable steps to reduce our environmental footprint on property and to make sure our destinations around the world remain thriving for years to come. We look forward to taking positive steps forward together.

*Global energy related CO2 emissions grew by 1.1% in 2023, reaching a new record high of 37.4 billion tonnes (Gt).
Did you know that by transporting 20 people by BTS instead of a hotel car, it saves up to 160 kilograms of carbon emission.*

**Hold your group meeting from now until 31 December 2024
and select 5 healthy and sustainable benefits from the below menu:**

- Healthy welcome drink
- Healthy amenity
- Healthy smoothie booster during the meeting
- 100% organic coffee break & lunch menu selections
- Reduce food waste by packing the leftover food to donate to the homeless
- Selection of sustainably sourced meeting materials & decorations
- Sunrise Yoga or Muay Thai activity (maximum 10 people per session, 30 minutes per session)
- Keep fit and make your own healthy smoothie with a blender bike activity during coffee break
- Fun warmup and stress releasing activities before starting the meeting
- Contribute to the reduction of pollution by reaching the hotel by BTS with complimentary tickets for the entire group from BKK airport to the hotel
- Fully electric new fleet of BMW i7 series transfers, available at an additional cost

Applicable for group with 20 rooms per day per night and above
